

2016 Sordo Barolo Villero **93**

Drawing its fruit from Castiglione Falletto, Sordo's 2016 Barolo Villero represents a very small production with just 3,000 bottles made. These results show medium dark concentration with a savory bouquet that is defined by forest fruit and potting soil. There are hints of spice, leather and tar that emerge slowly at the back. Villero is a sturdy and compact red wine that sees good structural support from its tannins and its natural fruit volume. It is built like a tank and will withstand the test of time.
